to the local community in the power of the Holy Spirit

Notices

There happens to be no new Notices this week,
yet it might be good to check that we had already noticed the following:

Mountview 2019 Annual Report

In these uncertain days, many plans have gone out the window but we can adapt to many things when we know it's required. Of course our Annual General Meeting will not be held in April but I feel it is best for me to press on with preparing an Annual Report for the 2019 year before we forget about it. I have received some reports already, thank you, but, if you co-ordinate a group at Mountview, I would like to receive a report from you, please. Many thanks, Lynne Rosenthal,

Flu and pneumonia injections

Health officials are strongly advising of the importance to still obtain the flu injection and as soon as possible. Plus some are recommending the pneumonia injection, which lasts about 10 years. Leaving the home for these is regarded as medically 'essential', so please don't skip receiving your flu-jab this season because of Stage 3.

FYI: Many doctors are giving injections outside / in their carpark, making the visit low risk for all. Just phone your doctor to arrange.
