

COVID-19 VICTORIA FAQs

Metro Melbourne AND Regional Victoria AS AT MAY 13, 2021.

All public gathering venues, including churches must, by law, now use a government QR code to record details of all attendees. If you cannot comply, you must seek exceptional circumstances approval from Service Victoria. See P5 for further information.

Two important changes from May 28, 2021:

The Victorian Government has announced density limits will lift on small to medium-sized venues, including places of worship. From 28 May, venues including places of worship with less than 400m² can have up to 200 people per space without any density limit, provided COVID marshals are on site ensuring all patrons are checking in to each space using the QR Code system.

All venues must use the Government QR Code Service to maintain electronic record keeping.

From 28 May 2021, venues and facilities currently using a Victorian Government Application Programming Interface (API) linked digital record keeping system must use the free Victorian Government QR Service. For instructions on how to switch, please go to coronavirus.vic.gov.au/qrcode

Current restrictions include:

- **Leaving home:** No restriction on reasons to leave home but stay safe.
- **Public gatherings:** Up to 200 people can gather outdoors from any number of households (infants under 12 months not counted in the cap)
- **Visitors to the home:** Up to 100 visitors per day (infants under 12 months not counted in the cap). Visitors may be from any number of households, together or separately. Front and back yards are considered part of the home.
- **Face Masks:** Must be carried at all times and must be worn at all times where social distancing cannot be maintained. Masks are no longer required to be worn in retail settings, but remain mandatory when travelling on public transport or when travelling in a commercial passenger vehicle or tour vehicle, when visiting a hospital, when visiting or working in a care facility (unless a lawful exemption applies). A person who is awaiting the results of a

COVID-19 test or experiencing any symptoms of COVID-19 must wear a face covering. Any person diagnosed or suspected of having COVID-19, or who is a close contact of someone diagnosed with COVID-19, must wear a face covering if leaving home/accommodation for a permitted reason, such as medical care

- **Weddings and Funerals:** No maximum attendee caps indoors or outdoors, but:
 - No maximum attendee caps indoors or outdoors
 - Record keeping requirements as per where the wedding or funeral is held (*see Religious Gatherings and Ceremonies below*).
 - A cap of 100 people applies if the wedding or funeral is being held at a private residence.

⚠ **Religious gatherings and ceremonies:** Density quotient of 1 per 2sqm applies. Venues must now use electronic record keeping through the Services Vic app (see p5) or a government API-linked digital system. Indoor and outdoor ceremonies can occur at the same time.

- **Food or Drink at gatherings:** No food, drink, crockery, utensils, vessels or other equipment is permitted to be **shared** by participants. Food or drink can be **served** as part of a religious gathering or after a religious gathering. It is recommended that single use items are used to serve food or drink. It is recommended that one person serves or distributes food or drinks. For example, one person uses the urn for hot water for tea
- **Singing:** Singing or chanting can occur as part of a religious ceremony, wedding or funeral. (See p4 for guidance)
- **Care facilities and hospital visitors:** No restrictions on purpose, number or time of visits. Face masks required to be worn at all times. Symptomatic (e.g. sore throat) individuals (except those symptomatic due to underlying or chronic conditions), close contacts and returned international travellers excluded from visiting
- ⚠ **Work:** Workers may attend onsite as required. On-site office work is no longer capped (both public and private sectors). Density limits have been removed from offices, but still apply to areas accessible by the public. All workplaces with onsite workers require a COVIDSafe Plan.

COVID-19 VICTORIA

FAQS

Metro Melbourne AND Regional Victoria AS AT MAY 13, 2021.

- **Community venues:** No patron caps with a density quotient of 1 per 2sqm. **Must use electronic record keeping through the Services Vic app or a government API-linked digital system. Each individual venue must have its own unique QR Code.**
- **Creative arts facilities:** No patron caps with a density quotient of 1 per 2sqm, subject to use of electronic record keeping (see p5).
- ⚠ **Seated entertainment venues (indoors and outdoors):** Open, with the total facility patron cap is 100 per cent of seated capacity for a maximum of 1000 per space and all activities are ticketed. Density quotient of 1 per 2sqm in foyers, bars, bathrooms etc. has been removed. All venues must use electronic record keeping through the Services Vic app or a government API-linked digital system.
Venues with capacity of greater than 500 patrons must publish a COVIDSafe Plan online. Arrangements for capacity over 1000 patrons per space are determined on an individual basis under the Public Events Framework.
- ⚠ **Indoor non-seated venues (such as galleries):** Open, up to 100 per cent total capacity with maximum patron cap of 1000 people. Density quotient of 1 per 2sqm has been removed. All venues must use electronic record keeping through the Services Vic app or a government API-linked digital system. Venues with capacity of greater than 500 patrons must publish a COVIDSafe Plan online. Arrangements for large events determined on an individual basis under the Public Events Framework.
- **Accommodation:** Bookings restricted to the private gathering limit. The person or household booking the accommodation can have up to 100 visitors.
- **Interstate travel:** Continued international border controls. State border controls activated in case of outbreaks.
- **Tourism spaces and groups:** No patron cap on tour groups. Masks must be worn on tour transport. Venues must use the Services Vic app or a government API-linked digital system for record keeping. **Each individual venue must have its own unique QR Code.**
- **Indoor physical recreation and community sport:** A density quotient of 1 per 2sqm applies to each space. No caps on gym and exercise classes (other than limits imposed by dentist

quotients) COVID Marshals required when gyms are staffed. At times when gyms are unstaffed, a density quotient of 1 per 4sqm applies. Signage must state the number of people permitted inside, disinfectant and other cleaning products must be supplied for use by patrons. Electronic record keeping through the Services Vic application or a government API-linked digital system is required (venues will have a 28-day compliance amnesty). Venues with capacity of greater than 500 patrons must publish a COVIDSafe Plan online.

- **Outdoor physical recreation and community sport:** No cap on outdoor fitness classes other than density quotient of 1 per 2sqm. Electronic record keeping through the Services Vic app or a government API-linked digital system is required (venues will have a 28-day compliance amnesty). Venues with capacity of greater than 500 patrons must publish a COVIDSafe Plan online..
- **Retail:** (e.g. supermarkets, other retail) Density quotient of 1 per 2sqm, with record keeping where practicable.

For a full list of COVID-Safe Summer requirements, visit <https://www.coronavirus.vic.gov.au/coronavirus-covidsafe-summer>.

As of 13/05/2021

What has NOT changed in Victoria?

- Physical distancing (1.5m) and maximum occupancy quotients (2 sqm per person) must still be observed. The only exceptions are for offices and entertainment venues, including sporting arenas.
- Face masks must be carried at all times outside the home, and worn when physical distancing cannot be maintained, or in certain settings (see p1).
- Good hand hygiene must continue to be followed
- Do not go to work if you are unwell
- Cough or sneeze into a tissue or elbow.
- COVID safety plans are required for all workplaces (including churches, halls etc) including:
 - Cleaning protocols
 - Physical distancing, maximum occupancy and all other COVID signage
- Sharing of food and drink: No food, drink, crockery, utensils, vessels or other equipment may be shared

As of 29/04/2021

To help identify items which are new, or have been updated since the last FAQ, simply look for:

How will we know about further updates?

Regularly check the latest government advice available at: <https://www.dhhs.vic.gov.au/> and at: <https://www.coronavirus.vic.gov.au/>

The Synod Crisis Management Team monitors changes on a regular basis. These FAQs will no longer be updated weekly and now only be updated as required.

It is recommended that you occasionally check the Synod website <https://victas.uca.org.au/all-you-need-to-know-answers-to-your-frequently-asked-questions/> for updated FAQs, by checking the "Date Modified" column.

Should there be any major changes to COVID restrictions, these will be advised via separate email to all Church councils.

If you have any queries, these may still be sent to CrisisManagement@victas.uca.org.au.

As of 10/12/2020

MULTI-LINGUAL RESOURCES

Where can I find the current government guidelines in other languages?

Victorian Multi-cultural Commission Coronavirus (COVID-19): In-language advice and information at <https://www.multiculturalcommission.vic.gov.au/coronavirus-language-advice-and-information>

Ethnolink have information available in 51 languages at: www.ethnolink.com.au/covid-19-coronavirus-translated-resources/

The Department of Home Affairs has extensive multi-lingual resources available at: <https://covid19inlanguage.homeaffairs.gov.au/> The Victorian Multicultural Commission have release multi-lingual resources including:

As of 13/08/2020

GATHERINGS

What face-to-face gatherings are permitted at church?

Indoor and/or outdoor religious gatherings are allowed with COVIDSafe plans including cleaning and signage.

As of 04/03/2021

There are no limits on numbers who may attend, however density limits do apply to ensure people are able to maintain a distance of at least 1.5m. A density quotient of 1 person per 2 sqm applies.

Electronic record keeping through the Services Vic application (QR code-see p5) or a government API-linked digital system became mandatory as of April 23, 2021 when the 28 day compliance amnesty expired.

As of 23/04/2021

Indoor and outdoor ceremonies can now occur at the same time. No food, drink, crockery, utensils, vessels or other equipment is permitted to be **shared** by participants. Food or drink can be **served** as part of a religious gathering or after a religious gathering. It is recommended that single use items are used to serve food or drink. It is recommended that one person serves or distributes food or drinks. For example, one person uses the urn for hot water for tea

As of 10/12/2020

Continued P4

Weddings and Funerals: There is no maximum attendee caps indoors or outdoors, but:

- A density quotient of 1 person per 2 sqm applies when using electronic record keeping of attendees (see p5).
- **Electronic record keeping through the Services Vic application (QR code-see p5) or a government API-linked digital system required.** The 28 day compliance amnesty expired on April 23.
- A cap of 100 people applies if the wedding or funeral is being held at a private residence.

As of 23/04/2021

Singing or chanting can occur as part of a religious ceremony, wedding or funeral.

Singing is allowed, but it is best for singing and chanting to occur in well ventilated places or outside where the risk is lower.

Singing and chanting in religious settings has been shown to spread the virus. It is best if face masks are worn by congregants when singing occurs.

Group singing is safest when the following measures are applied:

- singing outside or in a well-ventilated room (with windows open)
- physical distancing of at least 2 metres between each person while singing
- short performances (of less than an hour)
- singing softly.
- wearing a face mask while singing

Singing inside in a poorly ventilated area with singers not physically distanced has been associated with the spread of COVID-19. Humming and singing softly is of lower risk. A study has shown that normal singing produces more aerosol particles than normal talking, and loud singing generates more particles than normal singing. Wearing a face mask reduces the level of aerosol particles produced to about that of normal talking.

Outdoor lessons, class or practice is permitted with the number of singers based on current restrictions. Singing lessons need to ensure enough space to allow for physical distancing.

It is important that anyone attending group singing does not have any symptoms of coronavirus (COVID-19) to ensure the safety of others. People at high-risk of severe illness should not participate in group singing while there is active community transmission of coronavirus (COVID-19).

As of 11/03/2021

Singing rehearsals are permitted.

If the rehearsal is held indoors, the indoor venue should be well ventilated. This can be achieved by making sure that windows are opened. If you are participating in a music or singing rehearsal it is recommended:

- That you keep at least two metres from other people in the rehearsal.
- No group size limits apply if the facility can apply the two square metre rule if using electronic record keeping. This means the limit on the number of people who can attend is determined by the size of the venue. The two square metre rule is the only limit on the number of people who can attend.
- Activities can be held indoors or outdoors. The facility must apply the two square metre rule to ensure people have enough room to maintain 1.5 metres distance between them.
- Please also see above guidance on singing or chanting for further information.

As of 04/03/2021

Physical distancing

To calculate the maximum capacity of any space, measure the floorspace (length x width) in metres, then divide by 2. This number will be the maximum number of people who can be in that space at once based on the 1 person per 2 square meter density quotient.

For example: if the inside of your church measures 10m x 6m = 60 square metres. Divide the area by 2. $60 \div 2 = 30$ people is the maximum capacity.

As of 10/12/2020

Continued P5

What is meant by electronic record keeping or “Services Vic App”?

The Victorian Government has a free QR (Quick Response) Code service to allow for contact tracing information to be gathered by venues electronically. This allows for easy self-registration by guests directly into a contact tracing app. Every venue which is used for public gatherings of any kind is required to have its own QR code as of April 23. If you cannot comply, you must seek **exceptional circumstances** approval from Service Victoria at app.feedback@service.vic.gov.au. QR codes are unique for each venue, but will look something like this:

How do QR codes work?

1. Register for a FREE QR code service from the government at <https://www.coronavirus.vic.gov.au/register-to-use-vic-gov-qr-code-service>.
2. Once you have your QR Code, you will need to display this prominently, eg at all entry doors. You will find a POSTER link in the email confirming your QR code registration.

This unique poster is generated automatically with your QR code.

3. Everyone entering the building can then scan this QR Code using the camera on their smartphone or tablet device. This automatically opens the registration app, which knows that they are registering at your building.
4. They will then be asked to enter their name, phone number and residential postcode, and have the option of providing details of other individuals in their party.
5. When using QR codes, every gathering will require a designated greeter at every door by which the public can enter. Each greeter will need to have a smart phone or tablet device. The role of the greeters is to ensure that everyone entering the building registers using the QR code, to assist with registrations as required, or to use their own phone or tablet to register any attendees who do not have the capability of registering themselves.

Electronic record keeping through the Services Vic application (QR code) or a government API-linked digital system became mandatory as of April 23, 2021 when the 28 day compliance amnesty expired.

As of 23/04/2021

What is meant by “a government API-linked digital system”?

Many organisations and buildings already operated digital attendance registration systems, and many businesses (eg restaurants and cafes) purchased commercial QR codes for Covid tracing of customers before the government released the free QR code system.

Where this is the case, those pre-existing digital systems must now be linked to the government’s Covid contact-tracing system through an Approved Program Interface (API). This only applies to those organisations and buildings with a commercially acquired digital attendance system.

How do older people, or those without a smartphone sign in using the QR Code?

The government QR code allows you to sign in another person. By having event greeters at every entry door, they can sign in any attendee who is unable to register themselves. The requirement for every attendee to be signed in using the QR code method is a government requirement as of April 23, 2021.

Physical distancing signs

All church buildings must display signage showing the maximum number of people who can be accommodated in any space.

Once you have calculated the maximum numbers for each space, you may take advantage of the templates created to make your signage. These are available at: <https://victas.uca.org.au/all-you-need-to-know-answers-to-your-frequently-asked-questions/>

Continued P6

If you have been using manual record keeping based on 4sqm per person, you will need to recalculate maximum occupancy per space (see p5) and replace any existing occupancy signage now that electronic record keeping through the Services Vic app (QR code) is mandatory.

As of 23/04/2021

What face-to-face gatherings are permitted away from church?

Up to 100 people can visit a household per day (infants under 12 months not counted in the cap). Visitors may be from any number of households, together or separately. Front and back yards are considered part of the home.

Church Councils and congregation committees should discuss which meetings are appropriate to be held via teleconference and/or video conference and which meetings are more appropriate if held face-to-face.

As of 26/03/2021

Transporting People. Is it permitted to provide transport (“give a lift”) to people?

Where possible, treat passengers in your car who are not members of your household as if they were travelling in a taxi:

- Your passenger should sit in the back seat to maintain physical distancing
- Everyone in the car should wear a fitted face mask unless they have a lawful exemption
- Increase ventilation by opening windows wherever possible. Avoid having air-conditioning set to recirculate air.
- High touch surfaces in the vehicle should be cleaned and sanitised regularly (eg door handles, seat belts etc)

As of 10/12/2020

SAFE (DIGITAL) MINISTRY

What safety measures should be adopted for ministry within the digital space?

The Culture of Safety Unit has prepared some guidelines for leaders and communities, offering commentary and interpretation of how our

existing Child Safety resources and policies, and the Uniting Church Code of Ethics, continue to shape our digital ministry practices. To view the guidelines visit: www.victas.uca.org.au/safe-digital-ministry

As of 07/04/2020

CHURCH/COMMUNITY HALLS

Under what circumstances can Community/Church Halls be used?

Before using any church owned buildings, or allowing any other group to use church-owned buildings, please complete the Recovery Action Plan Checklist at: <https://victas.uca.org.au/download/668/faq/8852/recovery-action-plan-checklist>

No patron caps with a density quotient of 1 per 2sqm. **Must use electronic record keeping through the Services Vic app or a government API-linked digital system.** The 28 day compliance amnesty (from March 26) expired on April 23. **Each individual venue must have its own unique QR Code.** All physical distancing and hygiene requirements must be met.

As of 29/04/2021

WORSHIP SERVICES – Church or Community Halls can be used for Indoor religious gatherings with specific cleaning requirements and COVIDSafe plans. No attendance caps but with a density quotient of 1 per 2sqm. Must now use electronic record keeping through the Services Vic app or a government API-linked digital system keeping. **The 28 day compliance amnesty expired on April 23.**

As of 29/04/2021

No food, drink, crockery, utensils, vessels or other equipment is permitted to be **shared** by participants. Food or drink can be **served** as part of a religious gathering or after a religious gathering. It is recommended that single use items are used to serve food or drink. It is recommended that one person serves or distributes food or drinks. For example, one person uses the urn for hot water for tea

As of 10/12/2020

Continued P7

SUPPORT GROUPS – Essential support groups such as drug and alcohol support groups can continue to operate. No group limits apply.

The facility must apply the density limit. This means the limit on the number of people who can attend the facility is determined by the size of the venue. The two square metre rule is the only limit on the number of people who can attend, and only applies if electronic record keeping is used. Otherwise the four square metre rule applies if manual record keeping is used.

Record keeping is not required in relation to essential support groups and health services if confidentiality is typically required. Support groups where confidentiality is not typically required should still collect records of those who attend for more than 15 minutes.

Activities can be held indoors or outdoors. Face masks are strongly recommended when you can't keep 1.5 metres distance from other people (except with people from your own home).

As of 04/03/2020

EXERCISE GROUPS –

- **Indoors:** A density quotient of 1 per 2sqm applies to each space. No caps on gym and exercise classes (other than limits imposed by density quotients) COVID Marshals required when gyms are staffed. At times when gyms are unstaffed, a density quotient of 1 per 4sqm applies. **Electronic record keeping through the Services Vic app or a government API-linked digital system is now required.** The 28 day compliance amnesty expired on April 23.
- **Outdoors:** No cap on outdoor fitness classes other than density quotient of 1 per 2sqm. **Electronic record keeping through the Services Vic app or a government API-linked digital system is required.** The 28 day compliance amnesty expired on April 23.

Venues with capacity of greater than 500 patrons must publish a COVIDSafe Plan online.

As of 29/04/2021

BUSINESSES – If an organisation or individual rents space, the government guidelines for the conduct of that particular category of business would apply. These can be found at [https:// www.dhhs.vic.gov.au/victorias-restrictionlevels-covid-19](https://www.dhhs.vic.gov.au/victorias-restrictionlevels-covid-19). If in doubt, seek advice from your presbytery or contact uca.legal@victas.uca.org.au.

RENTED & HIRED FACILITIES –

Who is responsible for ensuring properties are COVID compliant?

- If you rent hire or licence out property to more than one organisation or group on a casual or non-exclusive basis (eg support groups, community groups, classes) using our standard Hire Agreement (Victoria) whether one-off or recurring, the Responsibility for maintaining all COVID-19 compliance, including cleaning to standard before and after every use, remains with the congregation as the responsible body. However, you may pass on the reasonable additional cost of cleaning or other necessary Covid-19 safety measures to the Hirer if you notify them in advance of the additional cost.
- If you rent out property to one organisation or group on an exclusive use basis (under a Lease or Licence), the responsibility for maintaining all COVID-19 compliance falls to the tenant.
- If in doubt, seek advice from your presbytery or contact uca.legal@victas.uca.org.au

As of 17/09/2020

COVID-SAFE PLANS – Required for some gatherings Do we need to complete a Covid-Safe plan as well as the UCA's Covid Recovery Action Checklist?

If you have completed the [Covid Recovery Action Checklist](#) and are keeping this up-to-date, this can be your Covid-Safe Plan. There is no need to complete a separate plan.

As of 12/11/2020

Continued P8

What activities can/cannot be staged in/on our property?

As more activities become permitted during the easing of Covid restrictions, Synod's Crisis Management Team have prepared a quick reference guide document for many of the non-worship uses of church property.

<https://victas.uca.org.au/download/668/faq/9475/congregations-groups-permitted-activity-guide>

As of 12/11/2020

RENT RELIEF REQUESTS

What do we do if we are approached by tenants for Covid-19 rent relief?

Rent relief is not automatic. Our Property Services and Legal departments have compiled guidelines for handling rent relief requests, both commercial and residential. If you wish to support a rent relief application, there is a form which needs to be completed before any rent relief can be offered. Details available on the first info sheet at:

www.victas.uca.org.au/resources/property/forms-and-resources/

As of 16/04/2020

HOLY COMMUNION

What changes to worship services are permissible?

Assembly Standing Committee has approved temporary pastoral measure guidelines for congregations and faith communities to enable the celebration of Holy Communion as part of online worship. These guidelines have been extended to 30 November, 2021 and can be found at:

<https://www.assembly.uca.org.au/news/item/3163-temporary-arrangements-for-holy-communion>

For some thoughts on how to conduct Holy Communion in a COVID-safe manner read Rev Dr Sally Douglas' November 19 article at

<https://victas.uca.org.au/how-can-we-keep-holy-communion-covid-19-safe/>

As of 15/04/2021

CORONAVIRUS FUNERALS

Are there any special requirements for holding the funeral of someone who has died of Coronavirus?

The Victorian and Tasmanian governments each have guidelines for cases of suspected or confirmed COVID-19. These mean that some cultural and ministry funeral practices need to change, especially how families interact with the body of a person who has (or may have) died with COVID-19. Ministers need to consider how their ministry practice may need to alter and should discuss with Church Councils ahead of time how families can be supported in this situation.

As of 17/04/2020

MINISTERS IN HIGH RISK GROUPS

Ministry agents in high risk groups are encouraged to have clear contingency arrangements in place in case of potential situations where they may need to consider their involvement.

High risk groups include people who are:

- aged over 70,
- over 65 with chronic health conditions,
- immune-compromised, or
- Indigenous people over 50 with chronic health conditions

As of 10/12/2020

OP SHOPS

How do we keep our Op Shop Covid-safe?

Op Shops run by Uniting VicTas must follow the current guidance issued by Uniting.

All UCA Op Shops should be regarded as any other Retail Store, all of which remain subject to restrictions:

- UCA Op Shops, as church workplaces, are required to complete sections A and B of the Recovery Action Plan Checklist to ensure that they are Covid-compliant and a copy sent to elnura.dulakovic@victas.uca.org.au
- Gloves should be worn when handling cash and any donated goods.

Continued P9

- Donated goods should be received contactless where possible. Donations should be stored in a location where workers won't have contact with them for a period of up to 72 hours. All items should be cleaned in line with COVID cleaning practices as soon as practical.
- Hands should be washed regularly whilst, and immediately after, handling any donated items. It is also recommended that WARNING signs should be displayed to ensure all staff and volunteers adhere to these precautions.
- In line with social distancing requirements, the number of persons in an Op Shop at any one time should be limited, using a rule of one person per 2sqm, including staff and volunteers, and people should remain a distance of 1.5m apart wherever possible. It may be helpful to mark this distance on the floor near service counters as a reminder to visitors.
- Where practical a record of customers should be kept, in addition to records of all staff and volunteers who are on the premises. The simplest way to do this is with a Government QR Code (see p5).

As of 26/03/2021

VOLUNTEERS: You should keep at least 1.5 metres between yourself and others at all times and practice good hygiene. If you are in a high-risk group, you can volunteer, however, consider minimising the number of different people you interact with. High-risk groups include people aged 70 years and over, people aged 65 years and over with chronic medical conditions, people with compromised immune systems and Aboriginal and Torres Strait Islander people over the age of 50.

As of 15/04/2021

WORSHIP RESOURCES

Where can I access worship resources to help me keep connected?

Our worship resources page, which caters for all people across our Synod, is updated each week. Available at: <https://victas.uca.org.au/resources/covid-19-worship-resources/>

As of 06/04/2020

ZOOM VIRTUAL MEETING LICENCES

What does it cost for a Zoom meeting licence?

If you plan on using Zoom frequently and/or require full functionality, Synod Ministries and Operations along with other Synods have negotiated with Zoom to purchase a bulk deal.

As such we are able to provide Zoom licences for a cost of just \$7.93 per month.

If your presbytery or congregation is interested, please contact:

Shweta.Paliwal@victas.uca.org.au

You will need to provide: Number of licences required and the details of the contact person (including their email address)

As of 20/04/2020

SYNOD STAFF

What if we need to contact someone from Synod Ministries and Operations?

Most Synod staff have returned to the Synod offices, which are now located at Wesley Place. Please note that whilst email addresses and mobile phone numbers remain unchanged, office telephone numbers have now changed and the old 9251 telephone numbers are no longer valid. Wesley Place UCA Reception: **(03) 9116 1400**

As of 03/04/2020

MARKETS

Can we hold garage sales and/or markets?

Markets may operate, within same guidelines as retail stores:

- The market operator is responsible for ensuring the two square metre rule is applied to indoor spaces.
- Customers should keep 1.5 metres in between them and other people who are not part of their household.
- maintain a contact tracing register (ie name and contact number) for anyone attending the Garage Sale or market if possible.

As of 15/04/2021

CONGREGATION WEBSITE TRAINING

Will training sessions for new congregation websites still go ahead?

It is currently anticipated that Training Sessions will resume in early 2021, following the Synod meeting. Further advice will be made available through Synod eNews Update in the new year.

As of 26/11/2020

COVID SAFE APP

Should we encourage downloading the Federal Government's Covid-Safe tracing app?

Synod Ministries and Operations would strongly recommend that all people in ministry download the Covid-Safe tracing app and also encourage all Uniting Church members to do so. As worship services recommence, this is a simple measure to help maintain the safety of our members as they start to gather again.

As of 14/05/2020

FIRST AID PRECAUTIONS

In the event of someone needing first aid treatment, are there any additional precautions required?

Anyone administering first aid should use general droplet and contact precautions, namely a face mask for the person they are treating which they should encourage the person to apply themselves, a face mask and gloves for the first aider, and goggles for the first aider (if available).

In the event that a first aider has a reason to suspect a person is infected with COVID-19, they should try to limit their contact with that person as much as they can, meaning they should avoid physical contact (e.g. checking pulses and performing physical assessments) unless absolutely necessary, such as performing CPR or putting people in a recovery position if they are unconscious and/or struggling to breathe.

As of 11/06/2020

JOBKEEPER PAYMENTS

The JobKeeper payment scheme came to an end on 28 March 2021. The Synod met eligibility criteria for the second extension period from 4 January 2021 to 28 March 2021 with maximum fortnightly payments of \$1,000 for tier 1 or \$650 for tier 2 staff applicable for that period.

It is expected that final reimbursements relating to the March pay runs will be made to congregations before the end of April 2021. If you need further information contact payroll, or visit the relevant section of the ATO website:

<https://www.ato.gov.au/General/JobKeeper-Payment/In-detail/JobKeeper-Payment-resources/>

As of 15/04/2021

During this time it is important that we all take care of ourselves and of each other. Sometimes we may need help to do this. Below are just some of the places you can turn to if you, or someone you know, may need some assistance coping with COVID restrictions:

WELLBEING
